### **“Art in MTR” Photo Exhibition Showcases Spectacular Journeys Through Nature**

The latest “Art in MTR” exhibition entitled “Places in My Heart: A Photographic Journey” will open tomorrow (5 April 2018) at MTR Sheung Wan and Sai Wan Ho stations and run until 2 July 2018. Featuring 15 amazing documentary photos taken by an outdoor enthusiast and amateur photographer, Mr C K Lee, the exhibition takes customers around the world to experience the thrill of scaling famous mountains under severe weather, the challenge of long-distance running through beautiful scenery and the silence of stargazing in forests.

“I have travelled to more than 70 countries over the years. I always tried my best to make contact with local residents to understand their unique cultures. This experience inspired me to gradually develop a passion for in-depth expeditions and adventures to discover social customs and cultures in different places and explore special landscapes,” said Mr Lee. “I hope my photos not only let MTR passengers experience my extraordinary voyages, but also raise their awareness on nature conservation,” he added.

MTR Corporation offers space at different MTR stations for temporary art exhibitions under the “Art in MTR” programme to promote artistic talent and the public’s appreciation of art. Interested artists and organisations may call the MTR Hotline on 2881 8888 to enquire, or submit their proposals directly to the MTR Corporation.

#### About MTR Corporation

MTR Corporation is regarded as one of the world’s leading railway operators for safety, reliability, customer service and cost efficiency. In its home base of Hong Kong, the Corporation operates ten commuter railway lines, a Light Rail network and a high-speed Airport Express link on which about 5.8 million passenger trips are made on a normal week day. Another 6.5 million passenger trips are made on the rail services it operates outside Hong Kong in the Mainland of China, the United Kingdom, Sweden and Australia. In addition, the Corporation is involved in a range of railway construction projects as well as railway consultancy and contracting services around the world. Leveraging on its railway expertise, the Corporation is involved in the development of transit-related residential and commercial property projects, property management, shopping malls leasing and management, advertising media and telecommunication services.

## About “Community Connect”

“Community Connect” is the Corporation’s platform for initiatives that aims to support everyone from the young to the old while enhancing the liveability of our city. What all the programmes have in common is that they’ve been carefully developed to nurture the communities we serve, so that together we can grow and thrive in a sustainable Hong Kong. Specifically,

- We invest in young people as they are our customers, future leaders, innovators, and game changers – supporting their development is an investment in our communities’ futures.
- We contribute to making cities more connected and vibrant through staff volunteering, and collaborating with NGOs and social enterprises to address evolving community needs.
- We enhance the travelling experience through integrating art into our station architecture and facilitating artists to stage their art-related activities or displays in our stations and malls.
