

GRI Scope, Aspects and Boundaries

This table provides a summary of the topics covered in our Sustainability Report 2014. It provides a list of Identified Material Aspects and Boundaries in accordance with the Global Reporting Initiative G4 Sustainability Reporting Guidelines ("GRI-G4"). The Aspect Boundaries that have been identified within and outside of the organisation reflects our management approach to sustainability issues.

Please note that according to GRI-G4, the word "Aspect" refers to the list of subjects for which GRI Indicators and Disclosure on Management Approach have been developed. The range of Aspects covered in the report is called the "Scope" and the description of where impacts occur for each material Aspect is called the "Aspect Boundary".

List of Aspects	Aspect Boundary within the organisation (G4-20)				Aspect Boundary outside the organisation (G4-21)		
	Company-wide	Operations Division	Projects Division	Property Division	Contractors/Suppliers	Customers	Community
