

Corporate Safety Policy

Safety of our customers, the public, contractors and employees is an absolute pre-requisite. MTR Corporation is committed to consistently meeting statutory requirements, maintaining a safety-first culture, employing management systems to achieve MTR Corporation's safety goals for continuous improvement in safety performance in all aspects of the business.

Safety demands active involvement by all. It is the responsibility and duty of everyone and should be foremost at all times in everything we do. Safety management is the responsibility of each director, manager and supervisor. All employees have a duty to protect our customers, the public, contractors, colleagues and themselves.
