

【Shenzhen】Shenzhen Talent Park Stroll through future by the lake!

	Shenzhen Talent Park is located in Houhai, Nanshan District, Shenzhen. Spanning approximately 770,000 square metres, including nearly 300,000 square metres of lakes, the park offers an enchanting landscape of lakes and mountains. The Talent Park Greenway winds along the lake, inviting visitors to stroll while taking in stunning lake views and glimpsing the iconic “Bullet” building of Houhai in the distance. It is a place where city and nature meet in harmony, embodying Shenzhen’s unique charm of “Synergy Between Technology and Ecology”.
	Designed around the themes of modernity, technology and humanities, the park pays tribute to talent in every aspect. Across the lake, the Talent Starlight Bridge features 30 illuminated pillars celebrating the stories of outstanding individuals, while the “π Bridge”, inspired by the mathematical constant pi, symbolises the spirit of infinite exploration.
	Home to more than 2,300 trees, the park offers a leisure space full of vitality amid the bustling city. The park also features distinctive attractions including the giant “Once you arrive, you are a Shenzhener” sculpture and installations inspired by “Black Myth: Wukong”. Meanwhile, the giant fiddler crab playground carries a particular significance, symbolising Shenzhen’s role as a pioneer city of Reform and Opening up, and its courage to be the first to take the plunge.
	Worth noting is that Talent Park is also one of the earliest locations in Shenzhen to pilot drone food delivery services and has since become a popular destination for visitors to experience a futuristic lifestyle. During major festivals, drone light shows are held to further highlight the city’s charm of technological innovation.
