

**MTR Supports International Day of Persons with Disabilities 2019  
With Free Rides for Persons with Disabilities this Sunday**

To support the International Day of Persons with Disabilities 2019, the MTR Corporation is pleased to offer free rides on the MTR network<sup>1</sup> on 10 November 2019 (Sunday) to disabled passengers holding a valid Registration Card for People with Disabilities (“Registration Card”) or Personalised Octopus card with “Persons with Disabilities Status”, as well as one accompanying caretaker.

To enjoy the free rides on 10 November, eligible passengers with Personalised Octopus card with “Persons with Disabilities Status” can simply enter and exit ticket gates or board MTR Bus with their cards and no fare will be deducted. Eligible passengers can also present their Registration Card at any Customer Service Centre or Information Counter for redemption of free Single Journey Tickets. Holders of a Registration Card or Personalised Octopus card with “Persons with Disabilities Status” can redeem a free Single Journey Ticket for their accompanying caretaker at any Customer Service Centre or Information Counter as well. Eligible passengers who wish to take Light Rail or MTR Bus with their accompanying caretaker should present their Registration Card or Personalised Octopus card with “Persons with Disabilities Status” to captains upon boarding or to staff upon request.

However, as some barrier-free facilities including station lifts have been damaged earlier by rioters and cannot be used, those who need barrier-free access are advised to contact the station or browse MTR Mobile (under the “Barrier-free” icon) to check the latest status before traveling. Passengers who plan to take the Airport Express are reminded to pay attention to the access controls applicable to people going to the airport.

“Over the past 40 years, we have always strived to connect and grow communities with caring service. The Corporation is delighted to continue our support for this meaningful event,” said Mr Adi Lau, Operations Director of MTR Corporation.

“With our barrier-free facilities, the MTR network plays an important role for people with disabilities to connect with other communities around the city. Regrettably, some of these facilities, such as station lifts, have been vandalised and it has caused inconvenience to our passengers,” Mr Lau added.

The Corporation will continue to monitor the situation regarding public processions and gatherings and assess the risk they pose on the overall train operations on the Free Ride Day. If the risk level increases or station facilities are damaged again, to ensure the safety of passengers, MTR staff and railway operation, train service may be adjusted or even stopped immediately. Stations or some of the entrances/exits may also be closed with little or no prior notice. Passengers are advised to pay attention to the MTR website, MTR Mobile, station and in-train announcements for the latest train service information. The Corporation will also disseminate relevant information via media.

<sup>1</sup> Excluding First Class on the East Rail Line, Intercity Passenger Services and High Speed Rail.

\* Station lift not in service due to replacement work

Passengers are advised to browse MTR Mobile (under the "Barrier-free" icon) for the latest status of station lifts. Passengers may also contact stations for the latest update of other barrier-free facilities, such as ramps and stair lifts.

Passengers are advised to refer to MTR Mobile for the latest information of station lifts not in service.

Steps:

1. Launch MTR Mobile and click "Barrier-free"
2. Click the "Special Notice" icon at the top right corner of the page

3. Refer to the latest information of station lifts not in service
