26 April 2023

MTR Increases Train Frequencies for Labour Day Long Weekend

MTR Corporation announces that train service of eight railway lines will be enhanced from the coming Saturday to next Monday (29 April – 1 May 2023) to cater to the public's travelling needs during the Labour Day long weekend. A total of 460 train trips will be added during the period, providing more frequent service than regular weekends and holidays.

Train frequencies on Island Line, Tsuen Wan Line, Kwun Tong Line, South Island Line, East Rail Line, Tuen Ma Line and Tung Chung Line will be increased during various periods in the long weekend. In view of the passenger demand during holiday, train trips are mainly added in the late afternoon and evening period. For instance, trains on Tuen Ma Line will run at an enhanced interval from 6 minutes to 5.5 minutes from 6:00 pm to 7:00 pm. Meanwhile, train service of the Disneyland Resort Line will be enhanced from every 10 minutes to every 5 minutes in the morning and evening on these three days. (Please refer to the Annex for details about train service.)

Additional staff will be deployed to MTR stations to assist passengers during the holidays. The Corporation will also closely monitor train operations during the holidays and the following days to suitably adjust train service and manpower based on actual needs.

Furthermore, High Speed Rail (Hong Kong Section) will provide 11 additional pairs of train trips (22 trips) between Hong Kong West Kowloon Station and Futian Station on a daily basis from 27 April to 4 May 2023 for the convenience of leisure and business travellers. To facilitate smooth ticket purchase and travelling, additional manpower at Hong Kong West Kowloon Station will be deployed with station signage and announcements enhanced, and information will be disseminated through various channels to assist passengers.

-End-

About MTR Corporation

To Keep Cities Moving, MTR makes encounters happen and rendezvous for a more connected tomorrow. As a recognised world-class operator of sustainable rail transport services, we are a leader in safety, reliability, customer service and efficiency.

MTR has extensive end-to-end railway expertise with more than 40 years of railway projects experience from design to planning and construction through to commissioning, maintenance and operations. Going beyond railway delivery and operation, MTR also creates and manages dynamic communities around its network through seamless integration of rail, commercial and property development.

With more than 40,000 dedicated staff*, MTR carries over 13 million passenger journeys worldwide every weekday in Hong Kong, the United Kingdom, Sweden, Australia and Mainland China. Together, we Go Smart and Go Beyond.
