MTR Corporation Offers Free Rides for Elders on 15 November and Remains Committed to Supporting Elderly-friendly Mobility and an Age-friendly Community

MTR Corporation will offer free rides for elders aged 65 or above on Senior Citizens Day on 15 November 2026 (Sunday). Eligible elders using their JoyYou Card, Elder Octopus or Personalised Octopus can enjoy free rides on the MTR[1], Light Rail and MTR Bus that day to enjoy outings, get together with family and friends, and participate in community activities, as we continue to foster an age-friendly community.

"MTR has long been committed to serving the community and providing elders with a safe, convenient and caring travel experience. By offering free rides on Senior Citizens Day each year, we hope to encourage elders to engage with the community and embrace an active and healthy lifestyle. The Corporation has been promoting various age-friendly initiatives, with the aim of enabling elders to travel with greater ease and confidence. We also encourage passengers with special needs and their caregivers to download the 'MTR · Care' app to make their journeys smoother and more convenient," said Mr Wilson Kwong, Hong Kong Transport Services Director of the MTR Corporation.

MTR Corporation remains committed to promoting elder-friendly mobility. Through enhancements to barrier-free facilities and the introduction of digital initiatives and social inclusion programmes, the Corporation supports elders in planning their journeys and travelling with greater peace of mind. Elders can access route information and the latest train service updates through MTR Mobile and the "MTR · Care" apps, enabling elders to plan their journeys in advance.

MTR Corporation continues to engage different groups of elders and collaborate with community partners to promote messages on railway safety, smart mobility, care and inclusion to senior citizens, encouraging them to travel worry-free and stay connected with the community. The Corporation has been supporting the Elder Academy Scheme initiated by the Labour and Welfare Bureau and the Elderly Commission. Through the "Railway 101" course co-organised with the Elder Academy, more than 500 elders have been trained as "Elderly Care Ambassadors" to help promote railway safety and smart mobility. The Corporation is also partnering again with Radio Television Hong Kong Radio 5 on the "Elderly Safety Promotion Campaign", sharing safety and courtesy messages through radio programmes, station performances and other platforms to foster a more caring and inclusive travelling culture.

The Corporation continues to offer several on-going fare concessions for passengers from all walks of life, including the elderly, children, eligible students and persons with disabilities. Last year, the total value of these concessions was approximately $3.2 billion.

Remark:

[1] The free ride offer is not applicable to the Airport Express, cross-boundary trips to or from Lo Wu or Lok Ma Chau stations on the East Rail Line, and High Speed Rail. Passengers travelling on the East Rail Line First Class will be charged the First Class Premium.
